

VISIT TO LOK ADALAT

DATE:13.08.2022

- Dr. Salil

TIME: 11.00a.m

Dr. Salil organized this visit to Lok Adalat so that the students could learn about the inner workings of Lok Adalat. So, as soon as we arrived at Lok Adalat, we met ADJ Sudhir Wankhade, and after meeting him, we had a highly informative conversation with him, in which he tried to explain the intent of Lok Adalat, which serves the speedy disposition of cases, and which continues to follow section 89 of CPC, even they have special provisions, mediation centers, and many more lok adalats in Pune district court, such as for motor vehicle act, civil cases, divorce

ADJ Sudhir sir addressed multiple roles in the legal field such as the judiciary, advocacy, corporate sector, counselor, and so on. He also asked us about our future goals and then complimented us on all of them. He then gave us some case studies and asked what we would do if this happened, and what would be our first step. He then taught us the legal principle of Audi alteram partem.

In short, it was an informative meeting to Sir, and we came across several documents and staff who taught us more about how Lok Adalat works.
