**Q.2 Read the passage and answer the questions given below: (10)**

Burnout is used to describe a syndrome that goes beyond physical fatigue from overwork. Stress and emotional exhaustion are part of it, but the hallmark of burnout is the distancing that goes on in response to the overload. Burnout is a prolonged response to chronic emotional and interpersonal stressors on the job, and is defined by the three dimensions of exhaustion, cynicism and inefficacy. The past 25 years of research has established the complexity of the construct, and places the individual stress experience within a larger organizational context of people's relation to their work. Recently, the work on burnout has expanded internationally and has led to new conceptual models.

**Questions:**

- 1) What is burnout?
- 2) Give a suitable title to this passage.
- 3) Write words from the passage which mean the following:
  - i) Belief that people are generally selfish and dishonest.
  - ii) Creative work undertaken on a systematic basis.
- 4) Write 2 ways in which a student may experience 'burnout'.
- 5) Is 'time management' one of the ways of dealing with 'burnout'? Explain with an example.
